

Dear Drivers,

These points are the updated official points for the Area 5 Series. These show all drivers who have started in at least 4 races, as opposed to 5. We had discussed raising the minimum number of races needed to qualify, given the Milwaukee cup (SM) and the Race That Never Happened at Brainard.

This generated some confusion, as we never modified the rules to reflect the changes. I apologize to any of you that may have been in a trophy position under the incorrect scoring, and am available for you to yell at if you want.

The Racing Regions of Area 5 greatly appreciate your participation, and we are looking forward to 2005.

Yours in racing
Scott Sanda
